The “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” requires colleges and universities to report annually, information regarding campus security policies and campus crime statistics. This document will serve as the Anderson University Annual Security Report in compliance with the Clery Act. In 2013 the Violence Against Women Reauthorization Act (VAWA) was placed into law. Among other provisions, this law amended section 485 of the Higher Education Act of 1965, thus requiring institutions to compile additional statistical data for crimes that are reported to campus police and/or local police agencies, including incidents of sexual assault, domestic violence, dating violence and stalking. This statistical data, as well as information pertaining to policies, procedures, and programs for addressing these crimes will be included in the Annual Security Report.

INTRODUCTION

The Anderson University Police Department (AUPD) has been designated as the entity responsible for compiling and publishing the Anderson University Annual Security Report. This report provides vital information about security on or about the campus of Anderson University and should be kept where it can be easily referenced. This report is reviewable at all times, online, at anderson.edu/security. Additionally, it is available in hard copy at the AUPD, located in Hardacre Hall. Unless otherwise noted, updates are made annually, prior to October 1.

All materials contained herein are submitted to the Department of Education via web-based data collection. The information contained within this report is compiled from data provided by all university departments, as well as all law enforcement agencies with jurisdictional authority over property owned or controlled by Anderson University. Anderson University is committed to providing the safest environment possible. This report contains information about initiatives, programs, policies and required mandates. It also provides direction for contacting the appropriate personnel in any given situation. Awareness and cooperation of the community is an integral part of the safety and security of that community.

CAMPUS SAFETY

Anderson University is a community of approximately 1,500 students and roughly 400 faculty and staff. The campus consists of 163 acres east of downtown Anderson, Indiana, and is within a short drive of retail areas and two major hospitals. The city of Anderson has a population of approximately 56,000. While the city has a relatively low crime rate, students are advised to take caution, and should avoid certain areas of the city at particular times.

The university takes great pride in its community and offers students, faculty, and staff many advantages. This community is a great place to live, learn, work, and study; however, this does not mean the campus community is immune from the unfortunate circumstances that occasionally arise in other communities. With that in mind, Anderson University has taken progressive measures to create and maintain a reasonably safe environment on campus. Though the university is progressive with its policies, programs, and education, it is up to each one of us to live with a sense of awareness and use reasonable judgment when visiting, living, or working on campus.

ANDERSON UNIVERSITY POLICE DEPARTMENT

The Department of Police and Security Services is located in Hardacre Hall, Room 42 at 1303 East 5th Street, Anderson, Indiana, 46012. Police and Security Services operates 24 hours each day throughout the year. We strongly urge the prompt reporting of all criminal and suspicious activity by contacting (765) 641-3333, or by dialing 911.

The mission of the Department of Police and Security Services is to provide for the overall safety and security of the university and its properties. Our goal is to maintain an environment that promotes academic excellence to its fullest potential. Our staff is committed to maintaining an environment that is conducive to an effective and positive learning experience for all members of the Anderson University community. Through programs of information, education, and proactive measures of police and security interaction, we endeavor to ensure that your experience at Anderson University will be as pleasant and rewarding as possible.

Police and Security Services is responsible for operating the campus police department, parking program, issuing student identification cards, securing campus buildings after hours, responding to emergency medical situations, providing weekly safety bulletins, and assisting with fire and tornado drills during the academic year. Other services include opening locked vehicles, jump-starting vehicles, conducting campus safety programs, and providing escorts for safety and medical reasons.

Anderson University is committed to campus safety and security. Exterior lighting and landscape control is a critical part of that commitment. Representatives from various departments continually conduct security surveys to ensure campus lighting is adequate and that the landscape is appropriately controlled. Department members conduct routine checks of lighting on campus during regularly assigned patrol duties. If lights are dim or burned out, officers will initiate an immediate work order, which is acted upon by a representative of the Physical Plant.

University Police and representatives from the Physical Plant work collectively to identify inoperative locking mechanisms. Maintenance staff is available to respond to calls for service regarding unsafe facility conditions or for personal safety and property protection. These unsafe facility conditions may also include unsafe steps or handrails, unsafe roadways on campus, and unsecured equipment.

University Police is professionally staffed with four sworn police officers and five part-time security officers. All police officers at AUPD have comprehensive arrest powers pursuant to Indiana Code 21-17-5. The authority, responsibility, and training of AUPD officers is the same as required of any police officer in the state of Indiana. AUPD investigates any and all incidents that occur on any property owned or controlled by Anderson University and has the authority to investigate any incident on any public roadway adjacent thereto. Officers are empowered with full police authority and authorized to make arrests enforcing federal and state laws, as well as university rules and regulations.

University Police jurisdiction is bound by the White River (West), Scatterfield Road (East), East 8th Street (South), and Lindberg Road (North). University Police jurisdiction and law enforcement powers extend to the Flagship Campus, located at 2705 Enterprise Drive, Anderson, Indiana.

The Anderson University Department of Police and Security maintains a collaborative relationship with all local law enforcement agencies ensuring the most effective law enforcement services. Local agencies share

reports involving students off campus and contribute to the annual report and disclosure of crime statistics. The Anderson City Police, Madison County Sheriff's Department, Indiana State Police, and federal agencies all have jurisdiction on the university campus. Periodic meetings are held with the leaders of these agencies. Officers from all agencies interact at scenes and share information. Aid from these agencies is available as necessary to assist the AUPD. Officers from the AUPD also assist the Anderson Police Department. There are no formal memorandums of understanding (MOUs) between the agencies.

LAW ENFORCEMENT TRAINING

All Anderson University police officers are graduates of the Indiana Law Enforcement Academy and are required to attend 24 hours of state mandated Indiana Law Enforcement Training Board (INLETB) instruction each calendar year, including: emergency vehicle operations, physical tactics, and firearm proficiency. This requirement allows each police officer to maintain his or her Peace Officer Professional Standards certification. During the 2019 calendar year, each police officer employed by the Anderson University Police Department received training administered by an INLETB certified instructor. Anderson University Police has INLETB certified instructors on staff.

University police officers are emergency medical technicians (EMT) or have advanced first-aid training and are available to provide assistance with medical emergencies. The Anderson University Police Department is certified by the Indiana Department of Homeland Security/Emergency Medical Services Commission as a Basic Life Support Non-Transport provider. The university community expects that our police officers perform their job at a high degree of proficiency. The extra training that each officer receives reflects this expectation.

TITLE IX PROGRAM

The Department of Work Life Engagement is responsible for overseeing and administering Anderson University's Title IX program. Title IX of the Education Amendments of 1972 is a federal law that protects students, employees, and third parties (such as vendors, parents, etc.) from sex discrimination.

Complainants are encouraged to report incidents of sexual harassment in a timely manner. The University is committed to implementing prompt and appropriate remedies to prevent sex discrimination and/or harassment along with its effects. An impartial investigation will be conducted and Anderson University strives to complete this investigation in a timely manner from receipt of the complaint. At the conclusion of the investigation, Anderson University will notify the reporter and the respondent in writing of the findings.

The reporter and the respondent are both entitled to have others present during the disciplinary proceeding and the reporter may withdraw their complaint at any time in writing to Tim States, the Title IX coordinator. Upon a finding of a Title IX violation against the respondent, the accused student may be disciplined with a proportional punishment ranging from temporary suspension up to expulsion from the university.

Upon a finding of a Title IX violation by an employee, that employee may be subject to termination, suspension, or other disciplinary action. Upon a finding of a Title IX violation by a third party, the university may immediately terminate any contractual relationship, non-contractual relationship, or terminate the third party's access to the campus. All of these actions for students, third parties, and employees are in addition to notifying University Police for the purposes of conducting a criminal investigation if there is a violation of Indiana law.

To the extent possible, the university will keep the complaint and investigation private. Retaliation, or engaging in an adverse action against a person who has filed a Title IX complaint, is strictly prohibited. Any individual within the university community who engages in retaliation shall be subject to disciplinary action. If requested, Anderson University will make any reasonable change to a reporter's academic, living, transportation, and/or working situation. If desired, University Police will assist the victim in contacting local law enforcement authorities. Students who have been subject to sexual assault, sexual violence, or sexual harassment may request to withdraw for a semester from individual courses.

Any victim of a sexual assault should report these incidents to University Police immediately at (765) 641-3333. Victims of sexual discrimination or sexual assault may also contact Tim States, Title IX coordinator, at (765) 641-4133, thstates@anderson.edu, or Decker Hall, room 112.

PREPARING THE ANNUAL SECURITY AND FIRE SAFETY REPORT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) requires campuses to report designated crimes that occur in residence halls, campus grounds and buildings, public property adjacent to campus, and non-campus buildings or property owned or controlled by the university that is used by students for educational purposes. The FBI Uniform Crime Reporting (UCR) system is the source of definitions that are used for Clery Act reporting.

The Anderson University Police Department (AUPD) prepares this report to comply with the Clery Act. The full text of this report can be located on the AUPD home page at anderson.edu/police. This report is prepared in cooperation with local law enforcement agencies surrounding campus, the Department of Student Life, the Office of Work Life Engagement, the Physical Plant Department, and the Dean of Students. Each entity provides updated information on their departments, policies, educational efforts, and programs to comply with the Clery Act.

Campus crime, arrest, and referral statistics include those reported to University Police, designated campus officials (including but not limited to directors, deans, department heads, designated staff, community standards, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. A procedure is in place to anonymously capture crime statistics disclosed confidentially during interactions with confidential reporting sources, such as medical staff, counseling staff, or pastoral counselors.

Each year, an email notification is made to all enrolled students and current faculty and staff to provide the link to the website to access this report. Copies of the report may also be obtained at the Anderson University Police Department (Hardacre Hall) or by calling (765) 641-3333. Notice of the report and web site information is provided on the university website.

REPORTING CRIMES AND EMERGENCIES

It is extremely important for students, faculty, and staff to report any and all crime to the Anderson University Police Department (AUPD) as quickly and accurately as possible. Any call reporting criminal activity or other emergency is immediately dispatched for response. University Police will take any and all required action to properly and effectively mitigate the incident. Contingent upon the incident, police officers, security personnel, emergency medical services, fire department services, or any other necessary personnel will be contacted to properly respond to the incident.

When to Dial 911:

- » If you are reporting a FIRE.
- » If there is a need for an AMBULANCE.
- » Or if there is a need for EMERGENCY POLICE SERVICES:
 - Give your name, location and telephone number
 - State the nature of the problem
 - If possible, stay on the line until assistance arrives

All other calls for non-emergency police and security services should be directed to University Police, at (765) 641-3333, or by utilizing one of the campus convenience phones located throughout the university.

To ensure that all timely warning reports and annual statistics are accurate and complete, all criminal offenses should be immediately reported to the Anderson University Police Department in Hardacre Hall. The Anderson University community is strongly encouraged to promptly and accurately report crimes, emergencies, and potential threats or risks to the AUPD. The safest community possible cannot be achieved without the active participation of the members of that community. Should a member of the university community feel uneasy about contacting the AUPD, or wish to informally or anonymously report an incident, they may call (855) 270-3684 toll-free or visit www.reportlineweb.com/anderson. Anderson University has contracted with a third party vendor to receive hotline calls of such reports. The line is staffed 24 hours a day, seven days a week, every day of the year. The misconduct reporting hotline is a confidential reporting mechanism that may be used to report the following types of issues:

- Financial fraud
- Conflict of interest
- Sexual misconduct
- Racial/ethnic bias or harassment
- Violations of university policy
- Misuse of university resources or property
- Any serious or recurring abuse of authority
- Public or workplace safety issues
- Violation of any federal or state law or regulation

The Anderson Police Department and Madison County Sheriff's Department are additional resources for reporting criminal activity. They can be reached through Madison County Central Dispatch at (765) 648-6775 or (765) 642-0221. Upon notification of an incident, a police officer will be sent to your location. All complaints will be investigated and prompt resolution of reported problems will be sought.

The University relies on its close working relationships with local law enforcement agencies to receive information about incidents involving Anderson University students. The University Police will actively investigate any crime information it receives concerning or involving a member of the campus community. If the university is notified of a situation in which a campus community member is the victim of a crime, the department may issue a Campus Safety Alert, detailing the incident and providing tips so that other community members may avoid similar incidents.

Pastoral and professional counselors are encouraged to inform the persons they are counseling about crime reporting procedures when they feel it is appropriate. Any confidential, statistical information collected will be included in the annual disclosure of crime statistics, regardless if the complainants report to law enforcement.

Voluntary Reporting

If crimes are never reported, little can be done to help other members of the community from being victimized. We encourage university community members to report crimes promptly to University Police and to participate in and support crime prevention efforts. The university community will be much safer when all community members participate in safety and security initiatives.

EMERGENCY TELEPHONES

Emergency telephones are outside residence hall entrances and other academic buildings. The campus emergency number is extension 3333. An officer will be dispatched immediately.

Blue light emergency telephones allow students to make on-campus telephone calls by pressing the black button and dialing the four-digit campus extension. The red button will automatically dial the police or security officer on duty.

CAMPUS SECURITY AUTHORITY

While the University prefers that community members promptly report all crimes and other emergencies directly to the University Police at (765) 641-3333, we also recognize that some may prefer to report to other individuals or University offices. The Clery Act recognizes certain university officials and offices as Campus Security Authorities (CSA). The Act defines these individuals as an “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings.” An official is defined as “any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.” Campus Security Authority (CSA) is a Clery Act specific term that encompasses groups of individuals and/or departments associated with our University.

- All personnel of the Anderson University Police Department.
- Any individual or individuals who, by way of directive, are to report criminal incidents to anyone or any other department or organization in addition to police or security-related personnel.

- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing personnel, student leadership personnel, student conduct and counseling personnel. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the University. These also would include:
 - Dean of Students
 - Director of Residential Life
 - Director of Student Activities
 - Director of Athletics, to include all athletic coaches including part-time employees and graduate assistants
 - Faculty advisor to a student group
 - Title IX coordinator
 - Student Advocate personnel
 - Local outside law enforcement

Individuals who are unlikely to be defined as a Campus Security Authority and have significant responsibility for student campus activities may include a single teaching faculty member, a physician or nurse in the campus health center, a counselor in a counseling center or clerical staff, except when serving as an advisor to a student group. AUPD collects and reviews all crime reports from CSA's. All policy, documentation and records are kept and under the responsibility of the Anderson University Police Department and/or designated office and is updated annually.

TIMELY WARNINGS AND EMERGENCY NOTIFICATION

The institution will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on campus. Notification will not be made if efforts to contain the emergency are compromised.

If there is an immediate confirmed dangerous situation or threat to the health or safety of students or employees occurring on campus, the university will determine the appropriate segment or segments of the campus community to contact and without delay notify individuals at risk. In the event that an evacuation is necessary, campus authorities, including the dean of students, vice president of finance, director of physical plant, director of police and security, and the provost will be notified. University authorities, without delay and taking into account the safety of the community, will determine the content of the notification and initiate the notification system. Notification will not be made if it would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Information will be distributed via a Timely Warning or an Emergency Notification. The Madison County Emergency Operations Center will be the source for issuing any and all weather-related emergency notifications such as declarations of Tornado Warnings by the National Weather Service.

A Timely Warning will be issued to the community when incidents of criminal activity, specifically the crimes reported on our statistics page, occur on campus or within the immediate proximity of campus. Timely Warnings may also be issued when instances of criminal behavior pose a potential ongoing threat to the

community. Timely Warnings differ from Emergency Notification by the degree of imminent threat.

Timely Warning Notices shall typically be distributed to the Anderson University community via email, text and/or the Raven Alert system. Timely Warning notices are typically categorized, but not limited to, the following Uniformed Crime Reporting (UCR) and National Incident Based Reporting System (NIBRS) classifications: arson, criminal homicide, and robbery. Cases of aggravated assault and sex offenses are considered on a case-by-case basis. The distinguishing factor in these cases is the presence of an ongoing threat to the community of Anderson University. Documentation and any record keeping will be located at AUPD.

Emergency Notification

Emergency Notification will be sent to the community when an imminent threat is perceived to the community. Instances may include severe weather, earthquake, gas leak, terrorist incident, armed intruder, bomb threat, civil unrest or rioting, explosion, a nearby chemical or hazardous waste spill, or health emergencies. Multiple modes of communication will be utilized for the notification including SMS text messages via the Raven Alert system, Campus email, University website, and calling trees. In the event of an approaching tornado, the City of Anderson will additionally activate a warning siren located on the campus of Anderson University.

Students and employees may elect to receive emergency messages from the Raven Alert system. Timely Warnings are sent by means of the same modes of communication, with the exception of SMS text messages. Text messages are reserved for instances when an imminent threat is perceived.

Communication is also used to alert and disseminate emergency information to local authorities, the surrounding community, parents and other campus constituents. This level of communication includes calling trees, email distribution lists, subscribers to the Raven Alert system, and the University website.

EMERGENCY MANAGEMENT – RESPONSE AND EVACUATION

The Anderson University Police Department coordinates university and community emergency response agencies utilizing the university “All Hazards Response Plan.” Each year the Risk Management Committee reviews response and evacuation procedures. Anderson University Police provides training and information on how to report an emergency, preparedness, response, evacuation, and recovery to University departments and all new employees via orientation training. Each division is charged with the development and implementation of response, evacuation and business continuity in conjunction with University emergency action plans. Anderson University Police conducts announced, campus-wide annual testing of the emergency notification system, Raven Alert system and further conducts fire safety and evacuation drills each semester in residential units including training on how to report an emergency. All tests and drills are documented with date, times, and circumstances involved with the tests.

EMERGENCY PROCEDURES

A comprehensive list of emergency procedures, including what to do in the event of imminent threat, is included on the University Police website. Some examples of emergencies include harassment and threats of violence, building evacuation, shelter-in-place, fire, bomb threats, weather emergencies, and medical emergencies.

See the university's emergency procedures at: anderson.edu/security/resources or anderson.edu/uploads/risk-handbook.pdf.

SEVERE WEATHER

Anderson University and Madison County Emergency Management Agency work closely together when threatening weather conditions develop. When a severe weather alert is announced by the National Weather Service, faculty, staff, and Student Life are notified by email about the pending weather threat. Building managers and resident directors are encouraged to monitor an emergency weather radio and the campus radio system for updates on changing weather conditions. The Raven Alert will be activated to warn of a tornado near campus.

If a tornado has been sighted, the civil defense siren located on campus will sound. Students, faculty, and staff are instructed to go into basements, lower level or interior hallways and stay away from glass. A tornado drill is conducted annually.

BUILDING ACCESS CONTROL

Physical Plant staff maintains University buildings and grounds with a concern for safety and security. Inspection of campus facilities and lighting systems are conducted in an effort to identify and reconcile problems and hazards. University Police assist with problem identification while making regular security checks of academic and administrative buildings, as well as campus residence halls. University Police conducts a light survey monthly and reports defective lighting to the Physical Plant.

University Police personnel are responsible for locking most of the academic and business facilities on campus at designated times. With the exception of residence halls, most university facilities are open to the public when classes are in session. During times when the university is officially closed, buildings are locked. Only faculty, staff, and authorized students with proper identification are admitted.

Residence halls are locked 24 hours each day. The University Police Department patrols the perimeters and common areas with special emphasis during evening and nighttime hours. The Physical Plant and University Police maintain electronic access and key control procedures. Access for non-residents is on an as-needed basis. University Police is committed to working closely with Student Life in addressing safety and security issues within residence halls. Security, maintenance, and access to campus facilities and access control design standards have been developed.

CRIME LOG

A daily log of all crimes reported to University Police can be viewed at the University Police Department in Hardacre Hall. The crime log is also available online at: anderson.edu/security. The crime log is published on the Anderson University Police Department's (AUPD) Facebook page. The crime log is supplied to the student newspaper, *The Andersonian*, and published at the discretion of editorial staff.

SAFE HAVEN

A safe haven is a secure location at the entrance of a locked building that permits a student to enter and lock the door behind them. Inside the safe haven is a telephone and emergency numbers the student can call for assistance. Some safe haven doors must be locked by turning a thumb lock, while others are locked by pressing a red button. Safe havens with the red button will automatically notify University Police when pressed. Safe havens are located at building entrances and are identified by a red plaque with the words “Safe Haven” located near the entrance.

SAFETY ESCORTS

Escorts are provided for students concerned for their safety and for students with medical needs. Escort services are not intended to be used as a taxi service or to provide transportation during inclement weather. The safety escort may be provided via vehicle or may consist of a walking escort. To request an escort, contact the University Police at (765) 641-3333 and an officer on duty will respond as quickly as possible.

PARKING REGULATIONS

Parking regulations are enforced by Police and Security officers 24 hours a day all year long. During the summer months and campus holidays, students are allowed parking in faculty spaces, but all other restricted spaces are enforced. It is the responsibility of students to register their vehicles and to be familiar with the University motor vehicle regulations. To appeal tickets, individuals may contact the University Police Department to complete an appeal form within five days from issuance.

All vehicles owned or operated by students, faculty and staff must be registered with the Police and Security Department. Improperly parked vehicles will be ticketed at all times.

EDUCATIONAL PROGRAMMING

University Police offers several programs to the University community, aimed at the education, awareness, and prevention of crime. In addition to scheduled programs, educational programs are also available upon request to any student organization, group or other university community members. Programming is provided in the areas of personal safety, sexual assault awareness, prevention and response, alcohol abuse, narcotics and dangerous drugs, traffic safety and parking regulations, fire safety, emergency preparedness, and theft prevention.

Anderson University Police actively participate with campus committees aimed at the awareness, prevention and education about alcohol and dangerous drugs. Multiple initiatives are conducted throughout a student's experience to bring education and awareness to issues revolving around alcohol and other drugs. Employees are educated via in-service workshops and presentations, as well as new employee orientation.

CRIME PREVENTION

The support, cooperation, and involvement of students, faculty, and staff with University Police efforts are crucial to the success of our overall safety program. Members of the campus community must assume responsibility for their own safety and the security of their personal belongings by taking simple, commonsense precautions.

Each year the University Police staff participates in the training of student leaders. University Police also present crime prevention information to student organizations upon request. During orientation, University Police facilitate programs for students and parents to present safety and crime prevention information.

For females on campus, a Self-Defense Awareness and Familiarization Exchange (SAFE) class is offered four or more times each year. The SAFE program is a shortened version of the twelve hour Rape Aggression Defense (RAD) program. The SAFE program educates women in awareness, risk reduction, avoidance, and physical defense strategies. Students living in residence halls are offered safety defense whistles and receive instruction on when and how they should use them.

Additional Educational and Awareness programs are presented during orientation and throughout the year on issues of sexual violence by Student Life and University Police. Student Life staff also present programs regarding the use of alcohol and other drugs.

The following crime prevention tips and programs are designed to inform students and employees about campus security procedures and practices to encourage responsibility for personal and community safety.

- Be a good witness. Suspicious looking individuals and activity should be reported to the police and security department immediately, (765) 641-3333.
- Notify University Police of any potentially violent situations or any other incidents in which a member of the University community feels uncomfortable or in fear.
- Utilize safety escorts after dark or ask someone you know to walk with you. Call (765) 641-3333 for a safety escort.
- Vehicles should be parked and secured in well-lit areas, and valuables should be removed or concealed.

- Exterior doors to the residential facilities should be closed and locked. Room doors should be locked at night and when unoccupied even for a short period.
- Do not prop doors open, even during loading and unloading.
- Record serial numbers and the make and model of equipment. This information is crucial for recovery. You may also choose to engrave or mark possessions with identifying information.
- The University Police Department has an engraving tool that can be used to engrave these types of items.

UNIVERSITY POLICIES

Alcohol

Any violation of the laws of the State of Indiana related to alcohol is grounds for both University judicial action and criminal prosecution. The use and/or possession of alcohol by Anderson University students is strictly prohibited both on and off campus. Students are personally responsible for understanding the law and University policy. The enforcement of alcohol laws and University policy on campus is the responsibility of Anderson University Police and the Department of Student Life. Under the laws of the state of Indiana, it is illegal to possess, consume, or transport any alcoholic beverage if under the age of 21, and it is also illegal to provide an alcoholic beverage to a person under the age of 21. Indiana's alcohol laws are contained in the Indiana Code, Title 7 at <http://iga.in.gov/legislative/laws/2015/ic/titles/7.1/>.

Illegal Drugs

Any violation of the laws of the State of Indiana related to controlled substances is grounds for both University judicial action and criminal prosecution. Students are personally responsible for understanding the law and University policy. The enforcement of controlled substances laws and University policy on campus is the responsibility of Anderson University Police and the Department of Student Life.

The possession or use of controlled substances without a prescription is prohibited. Being present where illegal substances are accessible or being used is also a violation of University policy and state law. Additionally, students may be held responsible for the violations of their guests or violations that occur in their residence. The full Anderson University drug policy may be located in the Student Handbook at anderson.edu/student-handbook.

Multiple initiatives are conducted throughout a student's experience to prevent the illicit use of drugs and the abuse of alcohol. Programs are designed to bring education and awareness to issues revolving around alcohol and other drugs. A violation of any law regarding alcohol or other drugs is also a violation of the University's Code of Conduct and will be treated as a separate action through the judicial process.

Firearms and Weapons

Possession or use of firearms and any weapons, ammunition, explosive materials, pellet guns, BB guns, machetes or other large knives, toy airsoft guns, or other items deemed to be perceived as dangerous on university property or any student approved living facility is prohibited. Students, faculty and staff who hold state gun permits are not permitted to carry or keep their weapons on university property. Sworn police officers are the exception.

Violations of this policy will be processed through the Division of Student Life and Department of Work Life Engagement. Violations are subject to criminal prosecution where applicable. Penalties may include termination, suspension, or expulsion.

MISSING PERSONS

ANDERSON UNIVERSITY RESPONSE TO SEXUAL AND GENDER VIOLENCE

Anderson University is committed to providing a safe learning and working environment, and in compliance with federal law has adopted policies and procedures to prevent and respond to incidents of sexual violence including sexual assault, domestic violence, dating violence and stalking. These guidelines apply to all students, faculty, staff, contractors and visitors.

Anderson University takes seriously the responsibility to educate the campus community on issues of sexual harassment and sexual misconduct. As an institution, we prohibit the offenses of domestic violence, dating violence, sexual assault, and stalking. The university is committed to ending sexual harassment and

sexual violence on campus, supporting victims/survivors and holding those who harm others accountable for their actions.

Reporting an Incident

If a student, employee or visitor has been the victim of an incident of sexual violence they should immediately report it to the Anderson University Police Department, located in the Hardacre Hall, at (765) 641-3333. In the case of an emergency or ongoing threat, if possible, get to a safe location and please report the incident by calling 911.

Students and employees may also report to Tim States, the Title IX Coordinator, located in Decker Hall Room 112, at (765) 641-4133. Students may also report to Student Life, located in Decker Hall room 213, at (765) 641-4070. Anderson University officials will assist any victim in notifying law enforcement, including local police, if they elect to do so. Victims are also entitled not to report to law enforcement. Any student or employee, who reports an incident of sexual violence, whether the offense occurred on or off campus, shall receive a written explanation of their rights and options.

A sexual assault is any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent, as well as incest or statutory rape. Domestic violence includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim. Dating violence means violence committed by a person who is or has been in a romantic or intimate relationship with the victim. Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

The report may be made at any time by any person (student or non-student—including community members, guests, and visitors) regardless of how long it has been since the incident occurred. Students making a report (whether the victim or a witness) will not be subject to disciplinary action for a violation of the University's alcohol or drug policy, so this need not be a barrier to reporting. This exemption is in accordance with Indiana law (Indiana Lifeline Law) and Anderson University Sexual Misconduct Policy.

When a student or employee reports to the institution that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the institution will provide the student or employee a written explanation of the student's or employee's rights and options. Victims are provided written notification about options for, and available assistance in, changing academic, living, transportation, and working situations, regardless of whether the victim chooses to report the crime to campus police or local law enforcement.

Anderson University Police Department cooperates fully with local law enforcement and forwards reports of sexual violence to the Madison County Prosecutor for review of criminal charges. Students interested in filing criminal charges may also seek assistance directly from other law enforcement agencies in addition to the University Police. Anderson University will assist a student with contacting other law enforcement agencies. The filing of criminal charges does not preclude pursuing Anderson University policy violation charges.

Procedures Victims Should Follow

If an incident of sexual assault, domestic violence, dating violence or stalking occurs it is important to

preserve evidence to aid in the possibility of a successful criminal prosecution. The victim of a sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam. Any clothing removed should be placed in a paper bag. Evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence should be documented including through the preservation of photographic evidence. Evidence of stalking including any communication, such as written notes, voice mail or other electronic communications should be saved and not altered in any way.

On and Off Campus Resources

Both Anderson University and the Anderson community offer important resources to the victims of sexual violence including medical treatment, counseling and advocacy they may wish to utilize. Anderson University Police Officers and Alternatives, Inc. are available to discuss safety plans/security issues with students. University Police and the Department of Student Life can issue “no contact” directives and cooperates fully with local law enforcement and service providers. The Madison County Sexual Assault Treatment Center has trained sexual assault nurse examiners and is available to conduct evidence collection exams at any time. Students may access this resource by contacting the Emergency Department at Anderson Community Hospital. The following resources are available to assist any student free of charge and will help individuals consider their options and navigate any recourse they elect to pursue:

Education Programs

Anderson University is committed to increasing the awareness and prevention of sexual violence. Anderson University students are made aware of university resources and policies prohibiting dating/domestic violence, sexual assault, and stalking in several ways: online resources, educational campaigns, campus events, and print resources. All incoming students and new employees are provided with programming and strategies intended to prevent rape, acquaintance rape, sexual assault, domestic violence, dating violence, and stalking before it occurs through the changing of social norms and other approaches; that includes a clear statement that Anderson University prohibits such acts, their definitions, the definition of consent, options for bystander intervention, information about risk reduction, and our policies and procedures for responding to these incidents. Ongoing prevention and awareness campaigns are also offered throughout the year. These programs include:

- Freshmen survival skills including sexual assault during new student orientation
- Campus clarity online training, mandatory as part of the first-year experience course
- Residence hall workshops for on-campus students concerning sexual violence
- Chapel presentation on sexual assault, dating violence, and victim resources
- Bystander intervention training
- S.A.F.E. courses for female students instructing self-defense tactics

Information on victim services on and off campus is available to students in print format from the University Police and the Department of Student Life. The brochure can be viewed at anderson.edu/security.

Definitions

Sexual misconduct is defined in the Student Handbook as non-consensual sexual contact, relationship violence, sexual battery, rape, deviate sexual conduct, sexual exploitation, stalking, and sexual harassment. The university defines sexual misconduct broadly, to include any form of the following conduct:

- 1) Non-Consensual Sexual Contact: Physical contact of a sexual nature by one person against the will of or without the consent of another.
- 2) Relationship Violence: One or more than one of the following behaviors directed at a current or former partner: (1) physical behaviors such as slapping, pulling hair, punching; (2) verbal abuse; and (3) threats of physical, sexual, or other abuse.
 - a) Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.
 - b) Domestic Violence: A felony or misdemeanor crime of violence committed:
 - i) By a current or former spouse or intimate partner of the victim;
 - ii) By a person with whom the victim shares a child in common;
 - iii) By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
 - iv) By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
 - v) By another person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

- 3) Sexual Battery: Intentional touching another person for the purpose of arousing or satisfying one's own sexual desires or the sexual desires of another person without the consent of or against the will of the person being touched.
- 4) Rape: Knowing or intentional sexual intercourse or other sexual conduct (as defined below) with another person against the will of or without the consent of that person. Acquaintance rape, commonly referred to as "date rape," may occur in the context of a single date, a hook-up, an on-going relationship, or any other interaction between two people when one person forces another to have sex, or takes advantage of him/her while she/he is incapacitated. Other sexual conduct means:
 - a) acts involving a sex organ of one person and the mouth or anus of another person; or
 - b) the penetration of the sex organ or anus of a person by an object.
- 5) Sexual Exploitation: Nonconsensual use of sexual contact by one person with another for his/her own advantage or benefit, or to benefit or advantage anyone other than the person being exploited, and the behavior does not otherwise constitute rape, battery or deviant sexual conduct, or other policy violations. Examples of sexual exploitation include prostituting another student, nonconsensual video or audio taping of sexual activity (such as one person allowing others to secretly watch consensual sex), engaging in voyeurism, and knowingly transmitting an STD or HIV.
- 6) Stalking: A pattern of repeated and unwanted attention, harassment, contact, or any other course of conduct directed at a specific person that would cause a reasonable person to feel fear for the person's safety or the safety of others, or suffer substantial emotional distress. Stalking can include:
 - a) Repeated, unwanted, intrusive, and frightening communications from the perpetrator by phone, mail, email, or other electronic communication.
 - b) Repeatedly leaving or sending the victim unwanted items, presents, or flowers.
 - c) Following or lying in wait for the victim at places such as home, school, work, or recreation place.
 - d) Making direct or indirect threats to harm the victim, the victim's family, friends, or pets.
 - e) Damaging or threatening to damage the victim's property.
 - f) Harassing the victim through the internet.
 - g) Posting information or spreading rumors about the victim on the internet, in a public place, or by word of mouth.
 - h) Obtaining personal information about the victim by accessing public records, using internet search services, hiring private investigators, going through the victim's garbage, following the victim, contacting victim's friends, family, work, neighbors, etc.
- 7) Sexual harassment: Sexual harassment that is unwanted, unwelcome, sexual, sex-based and/or gender-based verbal, written, online and/or physical conduct.

Consent

The Sexual Misconduct Policy includes a lengthy explanation of consent as clear, knowing, and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in and the conditions of sexual activity. Consent to any one form of sexual activity does not automatically imply consent to any other forms of sexual activity. Previous relationships or prior consent do not imply consent to future sexual acts. When it is unclear whether or not someone consents to activity, it is the responsibility of the person who initiates the activity to ensure that his/her partner clearly communicates effective consent. To continue to engage in sexual activity without effective consent from his/her partner is a violation of this policy.

Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. Coercing someone into sexual activity violates this policy in the same way as physically forcing someone into a sexual activity. Similarly, engaging in sexual activity with a person one knows or should know is incapacitated is a violation of this policy. Violation of this policy does not require an individual to actively resist a sexual advance or request, but resistance is a clear demonstration of non-consent. Sexual activity that is forced is by definition non-consensual, but lack of physical force or coercion does not indicate consent. Use of alcohol or other drugs will never function to excuse any behavior that violates this policy. This policy is applicable regardless of the sexual orientation and/or gender identity of individuals engaging in sexual activity.

Also included in this section are explanations about force, effective consent, coercion and incapacitation:

- Consent cannot be obtained through force. Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation, and coercion that overcome resistance or produce consent).
- Effective consent must be mutually understandable. That is, a reasonable person would have to consider the words or actions of the parties to indicate that there was an agreement to engage in the given activity with each other at the same time. Coercion is unreasonable pressure for sexual activity.
- Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes it clear that they do not want to have sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.
- Incapacitation is an important and specific concept. A person who is incapacitated is incapable of recognizing what is going on around him/her. An incapacitated person is not able to recognize the sexual nature or extent of the situation she/he is in. To engage in sexual activity with a person one knows or should know is incapacitated is a violation of this policy.

Bystander Intervention

Anderson University has a comprehensive approach to increasing awareness and promoting bystander intervention in situations of high-risk alcohol use, potential harassment, and sexual misconduct. Each fall, all first-year students are required to attend a mandatory education program that raises awareness of sexual violence and introduces students to bystander intervention tactics. Resident Assistants and upper-class mentors receive additional training in bystander intervention, university policies, reporting protocols, and

resources on-and off-campus. Educational campaigns promoting bystander intervention in potential dating violence, domestic violence, sexual assault, and stalking situations are displayed throughout campus at various times of the year with assistance from Alternatives, Inc., Madison County Sexual Assault Treatment Center, Anderson Police Department Victim Assistance, and the Madison County Sheriff's Department Victim Assistance program.

Conduct Proceedings

Anderson University strictly prohibits all acts of sexual assault, domestic violence, dating violence, and stalking. In addition to facing criminal action, students, employees, and other affiliates may also face disciplinary action by Anderson University. Individuals found responsible for having committed such a violation face permanent expulsion, termination of employment, suspension, probation, no-contact orders, restitution, and/or mandatory counseling. Incidents involving accused students will be handled by the Title IX Office and Student Affairs, and incidents involving accused employees/affiliates will be handled by the Title IX Office and Office of Work Life Engagement.

All conduct proceedings, whether the conduct is reported to have occurred on or off campus, shall provide a prompt, fair, and impartial investigation and resolution by officials who have received annual training on the nature of the types of cases they are handling, on how to conduct an investigation, and conduct a hearing in a manner that protects the safety of victims and promotes accountability. Determination of responsibility shall be made by the Title IX staff using the preponderance of the evidence standard, which means that it is more likely than not that the alleged misconduct occurred.

In all proceedings, including any related meetings, both the accused and accuser are entitled to the same opportunities to have others present including the right to be accompanied by an advisor of their choice. Both the accused and accuser shall simultaneously be informed in writing of the outcome made by Tim States, the Title IX Coordinator, of procedures for appealing the results of the outcome, of any change to the results that occurs prior to the time that they become final, and when such results become final. Disclosure of the outcome shall be made to both parties unconditionally, and each shall be free to share or not share the details with any third parties.

Sexual Misconduct Policy

Anderson University affirms its commitment to Christian higher education and a work/learning environment that encourages and enables individuals to strive for excellence. Sexual misconduct is damaging to this environment, a violation of law and university policy. Sexual misconduct in any form will not be tolerated and will be dealt with promptly. The university has appointed a Title IX coordinator responsible for implementing the Anderson University Sexual Misconduct Policy and Procedures. The Title IX coordinator is the director of Work Life Engagement.

Anderson University defines sexual misconduct to include a broad spectrum of violent behaviors including, but not limited to, dating and/or domestic violence, stalking, voyeurism, sexual battery, rape, sexual harassment, or any other nonconsensual sexually-related conduct. The university also prohibits gender-based harassment, which may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, even if those acts do not involve physical conduct.

For the purposes of this report, we will focus on the sexual harassment and sexual misconduct policies,

protocols and processes that affect students of Anderson University, as opposed to employment protocols, which detail how incidents of sexual harassment and sexual violence are addressed in the employee handbook when University employees are directly involved. The Anderson University Sexual Misconduct Policy details the student disciplinary process and explains that survivors of sexual violence have rights, including the right to receive assistance from University officials and staff with any necessary adjustments/accommodations to living and/or academic situations if such changes are reasonable, regardless of whether or not they choose to report. Anderson University's Sexual Misconduct Policy may be viewed in the Student Handbook available on the university website at: anderson.edu/student-handbook.

COMMITMENT TO ADDRESSING SEXUAL MISCONDUCT

Anderson University does not tolerate sexual misconduct or abuse, such as sexual assault, rape or any other forms of nonconsensual sexual activity. Sexual misconduct in any form violates the Student Code of Conduct and Sexual Misconduct policy. Violations of this policy are subject to disciplinary sanctions through the Office of Dean of Students.

The University provides the following rights to all sexual assault victims:

- Upon request, Anderson University will make any reasonable change to a victim's academic, living, transportation, and/or working situation.
- The victim and the accused will receive a written explanation of their rights and options.
- Both the complainant and the respondent will have the same opportunities to have others present during the conduct proceedings.
- The University will ensure that the complainant and the respondent both receive a written notice of the final determination of the investigation.
- If desired, University Police will assist the victim in contacting local law enforcement authorities.
- On campus counseling services are available to students through Counseling Services.
- Students who have been subject to sexual assault, sexual violence, or sexual harassment may request to withdraw from a semester or individual courses.

University Procedures for Responding to Reports of Sexual Assault

If you or someone you know is the victim of a sexual assault, the victim has several rights, including:

- The right to report the incident to the University Police or local authorities. The university will assist victims in notifying either the university or local police. Filing a police report does not mean the victim must pursue criminal charges. The victim maintains his or her rights throughout the process.
- In addition to the campus services listed below, there are also several community service organizations that can provide counseling, mental health, and other related services to sexual assault victims. Student Affairs can assist with connecting victims to these services.

INDIANA SEX OFFENDER REGISTRY

The Sexually Violent Offender Registration Act requires educational institutions to provide notification in an annual campus security report specifying where information regarding sexual offenders may be

obtained. The campus community should be advised that sex offender information is provided by the state through each County Sheriff and may be obtained by accessing to the Indiana Sex and Violent Offender Registry at <http://www.crimewatch.net/indiana.php>.

FIRE SAFETY

Anderson University strives to maintain a fire safe campus with the expectation that fire safety is everyone's responsibility. Fire safety on college campuses is a growing concern to the point The Department of Education adopted the Campus Fire Safety Act (August 14, 2008). Following is information about Fire Safety efforts and procedures on campus.

Fire Safety Education and Training Programs Provided to Students and Employees

Fire safety education programs for all students living in on-campus student housing are held at the beginning of each academic year. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and ensure all are informed about where to find comprehensive fire safety policies. Awareness is provided that helps everyone identify emergency egress routes, knowing at least "two ways out," and the locations of fire alarm pull stations and extinguishers.

Fire safety education and training are a combined effort between Anderson Physical Plant, Anderson

University Police staff, Anderson Fire Department and Residential Life staff.

If a fire occurs, students are instructed to leave hazardous areas per the nearest accessible evacuation routes, sound a verbal alert as well as pulling a fire alarm (if not already sounding), and report to a predetermined location before calling 911 for help. Students are to remain in that location to account for and ensure all students have left the building.

FIRE AND EMERGENCY EVACUATION DRILLS

Fire and Emergency Evacuation Drills are conducted in all Residence Halls during each semester. Fire Drills are conducted annually in all academic buildings. Drills are conducted by University Police and Department of Student Life Residential Staff. Discussions during the drill include any safety issues that arise, safe building evacuation procedures, alarm notification procedures, awareness of locations of extinguishers, etc. Each drill is documented with date, time and circumstances.

STUDENT HOUSING EVACUATION

In the event of a fire or fire alarm residents and guests must immediately vacate the residence unit. Residents are expected to evacuate via the nearest accessible exit, alert others while exiting (by activating the nearest alarm station and vocally alerting others), and assemble at predetermined assembly points. Once outside they are to notify “911” and the Anderson University Police Department. They are further instructed to remain outside of the building at a safe distance until permitted to return to the unit by a member of the Residential Life staff, University Police, or Anderson Fire Department. Students are instructed on the following points for evacuation:

- Always know “2 ways out” for emergency egress, and location of fire exits
- The location of fire alarm pull stations, and fire extinguishers
- How to report a fire calling “911,” and University Police (765) 641-3333
- Predetermined assembly points
- How to “shelter in place” if trapped, and signal Fire Department their location

HOUSING POLICIES ON PORTABLE ELECTRIC APPLIANCES, SMOKING AND OPEN FLAMES

Smoking is not permitted on campus or inside any residence hall or building. The Residential Life staff performs Residence Hall health and safety inspections at least three times each year. Additional unannounced inspections may also be conducted. Common area inspections are primarily designed to find and eliminate safety violations. The inspections include, but are not limited to: a visual examination of electrical cords, sprinkler heads, smoke detectors, fire extinguishers and other life safety systems. In addition, individual rooms may be examined for the presence of prohibited items (e.g., sources of open flames, such as candles; non-surge protected extension cords; halogen lamps; portable cooking appliances with exposed heating element, etc.) or prohibited activity (e.g., smoking in the room; tampering with life safety equipment; possession of pets; etc.). Prohibited items will be immediately disabled and /or confiscated. Violations are subject to review and sanctions by the Department of Student Life. A complete summary of Policies Relating to Fire Safety for University Owned Housing can be found at: anderson.edu/student-handbook.

HOUSING FACILITY FIRE SAFETY SYSTEMS

Anderson University maintains a record of approved University Housing Units and their respective fire safety systems related to the detection of a fire, the warning resulting from a fire, or the control of a fire. Reports include sprinkler systems or other fire suppression and extinguishing systems, fire detection devices, stand-alone smoke alarms, devices that alert one to the presence of a fire. Fire systems are tested on a routine basis by independent contractors. A complete listing of University Owned Residential Facilities fire safety systems can be found in this report.

OFFICIALS TO WHOM STUDENTS AND EMPLOYEES SHOULD REPORT THAT A FIRE OCCURRED

Per federal law, Anderson University is required to annually disclose statistical data on all fires that occur in student housing facilities. Listed below are the non-emergency numbers to call to report fires that have already been extinguished. These are fires for which you are unsure whether the Anderson University Police Department may already be aware. If you find evidence of such a fire or if you hear about such a fire, please contact one of the following:

- Anderson University Police (765) 641-3333
- Anderson University Physical Plant (765) 641-4240
- Anderson University Department of Student Life (765) 641-4070

When calling, please provide as much information as possible about the location, date, time, and cause of the fire. All incidents of fire will be investigated by the Anderson University Police Department, Physical Plant in collaboration with the Anderson Fire Department.
