Mailing Address: 1100 E 5th Street
Anderson, IN 46012

Plan Administrator: Anthem Blue Cross & Blue Shield
Phone: 800-295-4119
Website: www.anthem.com
Mailing Address: 220 Virginia Avenue
Indianapolis, IN

Privacy Officer: Renee Miller
Title: Payroll & Benefits Specialist
Phone: (765) 641-4130
Email: rcmiller@anderson.edu
Mailing Address: 1100 E 5th Street
Anderson, IN 46012

Distribution Date: October 1, 2017

These notices are available free of charge, upon request to the General Contact.

Please note this is not a legal document and should not be construed as legal advice.

The Employee Retirement Income Security Act (ERISA), Department of Labor (DOL), Department of Health and Human Services (HHS) and Internal Revenue Service require plan administrators to provide certain information related to their health and welfare benefits plan to plan participants in writing. To satisfy this requirement, please review the compliance notifications included in this package. These notices explain your rights and obligations in relation to the health and welfare plan provided by CountryMark Cooperative Holding Corp.

Please read these notices carefully and retain a copy for your records:

- Notice of Privacy Practices
- Notice of Special Enrollment Rights
- Women's Health and Cancer Right Act of 1998
- Newborns' Act Disclosure
- Mental Health Parity Act
- Health Care Reform Notifications
- Premium Assistance under Medicare and Children's Health Insurance Program (CHIP)
- Certificate of Creditable Coverage for Medicare D

Please note that this is not a legal document and should not be construed as legal advice.

Notice of Privacy Practices

THIS NOTICE OF PRIVACY PRACTICES DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice of Privacy Practices (the “Notice”) describes the legal obligations of Anderson University (the “Plan”) and your legal rights regarding your protected health information held by the Plan under the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”). This Notice describes how your protected health information may be used or disclosed to carry out treatment, payment, or health care operations, or for any other purposes that are permitted or required by law. HIPAA requires us to provide this Notice of Privacy Practices to you.

The HIPAA Privacy Rule protects certain medical information known as “protected health information.” Generally, protected health information is individually identifiable health information, including demographic information, collected from you or created or received by a health care provider, a health care clearinghouse, a health plan, or your employer on behalf of a group health plan, which relates to:

- your past, present or future physical or mental health or condition;
- providing health care to you; or
- making past, present or future payments for providing health care to you.

If you have any questions about this Notice or about our privacy practices, please contact Shanna McClure, Director of Human Resources at 765-641-4133.

Effective Date

This Notice is effective October 1, 2017

Our Responsibilities

We are required by law to:

- maintain the privacy of your protected health information;
- notify you of any breach of unsecured protected health information;
- provide you with certain rights with respect to your protected health information;
- provide you with a copy of this Notice of our legal duties and privacy practices with respect to your protected health information; and
- follow the terms of the Notice that is currently in effect.

How We May Use and Disclose Your Protected Health Information

We may use or disclose your protected health information in certain situations without your permission.

The main reasons for which we may use and may disclose your Protected Health Insurance are to evaluate and process any requests for coverage and claims for benefits. Your Protected Health Information (PHI) may be used:

For Payment. We may use or disclose your protected health information to determine your eligibility for Plan benefits, to facilitate payment for the treatment and services you receive from health care providers, to determine benefit responsibility under the Plan, or to coordinate Plan coverage. For example, we may share your protected health information with health care provider in connection with the payment of health claims or to another health plan to coordinate benefit payments.

For Health Care Operations. We may use and disclose your protected health information for plan operations. For example, we may use medical information in connection with conducting quality assessment and improvement activities; underwriting, premium rating, and other activities relating to Plan coverage; submitting claims for stop-loss (or excess-loss) coverage; conducting or arranging for medical review, legal services, audit services, and fraud & abuse detection programs; business planning and development such as cost management; and business management and general Plan administrative activities. If medical information is used for underwriting, genetic information may not and will not be used or disclosed for this purpose.

To Business Associates. We may contract with individuals or entities known as Business Associates to perform various functions on our behalf or to provide certain types of services. In order to perform these functions or to provide these services, Business Associates will receive, create, maintain, use and/or disclose your protected health information, but only after they agree in writing with us to follow appropriate safeguards regarding your protected health information. For example, we may disclose your protected health information to a Business Associate to administer claims or to provide support services, such as utilization management, pharmacy benefit management or subrogation, but only after the Business Associate enters into a Business Associate contract with us.

To Plan Sponsors. We may disclose protected health information to certain employees of the Employer so that they can administer the plan. Those employees will only use or disclose PHI as needed to perform plan administration functions or as otherwise required by HIPAA, unless you have specifically authorized other disclosures. Your protected health information cannot be used for employment purposes without your specific authorization.

Health Oversight Activities. We may disclose your protected health information to a health oversight agency for activities authorized by law. These oversight activities might include audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

Lawsuits and Disputes. If you are involved in a lawsuit or a dispute, we may disclose your protected health information in response to a court or administrative order. We may also disclose your protected health information in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

As Required by Law. We will disclose your protected health information when required to do so by federal, state or local law. For example, we may disclose your protected health information when required by national security laws or public health disclosure laws.

Special Situations

Although unlikely, it is also possible that we may use and disclose your protected health information in these situations:

For Treatment. We may use or disclose your protected health information to facilitate medical treatment or services by providers. We may disclose medical information about you to providers, including doctors, nurses, technicians, medical students, or other hospital personnel who are involved in taking care of you.

Organ and Tissue Donation. If you are an organ donor, we may release your protected health information to organizations that handle organ procurement or organ, eye, or tissue transplantation or to an organ donation bank, as necessary to facilitate organ or tissue donation and transplantation.

Military and Veterans. If you are a member of the armed forces, we may release your protected health information as required by military command authorities. We may also release protected health information about foreign military personnel to the appropriate foreign military authority.

Workers' Compensation. We may release your protected health information for workers' compensation or similar programs.

Public Health Risks. We may disclose your protected health information for public health actions. These actions generally would be:

- to prevent or control disease, injury, or disability;
- to report births and deaths;
- to report child abuse or neglect;
- to report reactions to medications or problems with products;
- to notify people of recalls of products they may be using;
- to notify a person who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition;
- to notify the appropriate government authority if we believe that a patient has been the victim of abuse, neglect, or domestic violence. We will only make this disclosure if you agree, or when required or authorized by law.

To Avert a Serious Threat to Health or Safety. We may use and disclose your protected health information when necessary to prevent a serious threat to your health and safety, or the health and safety of the public or another person. Any disclosure, however, would only be to someone able to help prevent the threat.

Law Enforcement. We may disclose your protected health information if asked to do so by a law enforcement official:

- in response to a court order, subpoena, warrant, summons or similar process;
- to identify or locate a suspect, fugitive, material witness, or missing person;
- about the victim of a crime if, under certain limited circumstances, we are unable to obtain the victim's agreement;
- about a death that we believe may be the result of criminal conduct; and
- about criminal conduct.

Coroners, Medical Examiners and Funeral Directors. We may release protected health information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death. We may also release medical information about patients to funeral directors, as necessary to carry out their duties.

National Security and Intelligence Activities. We may release your protected health information to authorized federal officials for intelligence, counterintelligence, and other national security activities authorized by law.

Research. We may disclose your protected health information to researchers when:

- the individual identifiers have been removed; or
- when an institutional review board or privacy board has reviewed the research proposal and established protocols to ensure the privacy of the requested information, and approves the research.

Required Disclosures

We are required to make disclosures of your protected health information in these situations:

Government Audits. We must disclose your protected health information to the Secretary of the United States Department of Health and Human Services when the Secretary is investigating or determining our compliance with the HIPAA privacy rule.

Disclosures to You. If you request, we must disclose to you the portion of your protected health information that contains medical records, billing records, and any other records used to make decisions regarding your health care benefits. If you request, we also must provide you with an accounting of most disclosures of your protected health information if the disclosure was for reasons other than for payment, treatment, or health care operations, and if the protected health information was not disclosed due to your specific authorization.

Other Disclosures

Personal Representatives. We will disclose your protected health information to individuals authorized by you, or to an individual designated as your personal representative, attorney-in-fact, etc., if you provide us with a written notice/authorization and any supporting documents (i.e., power of attorney).

Note: Under the HIPAA privacy rule, we do not have to disclose information to a personal representative if we have a reasonable belief that:

- you have been, or may be, subjected to domestic violence, abuse or neglect by such person; or
- treating such person as your personal representative could endanger you; and
- in the exercise of professional judgment, it is not in your best interest to treat the person as your personal representative.

Spouses and Other Family Members. With only limited exceptions, we will send all mail to the employee. This includes mail relating to the employee's spouse and other family members who are covered under the Plan, and includes mail with information on the use of Plan benefits by the employee's spouse and other family members and information on the denial of any Plan benefits to the employee's spouse and other family members. If a person covered under the Plan has requested Restrictions or Confidential Communications (see below under "Your Rights"), and if we have agreed to the request, we will send mail as provided by the request for Restrictions or Confidential Communications.

Authorizations. Other uses or disclosures of your protected health information, including but not limited to psychotherapy notes, most marketing purposes and any disclosures that constitute a sale of PHI, will only be made with your written authorization. You may revoke written authorization at any time, but the revocation must be in writing. Once we receive your written revocation, it will only be effective for future uses and disclosures. It will not be effective for any information that may have been used or disclosed based on the written authorization you provided before we received the revocation.

Your Rights

You have the following rights with respect to your protected health information:

Right to Inspect and Copy. You have the right to inspect and copy certain protected health information that may be used to make decisions about your health care benefits. To inspect and copy your protected health information, you must submit your request in writing to the Employer Contact listed at the end of this Notice. If you request a copy of the information, we may charge a reasonable fee for the costs of copying, mailing, or other supplies associated with your request.

We may deny your request to inspect and copy in certain very limited circumstances. If you are denied access to your medical information, you may request that the denial be reviewed by submitting a written request to the Employer Contact listed at the end of this Notice.

Right to Amend. If you feel that the protected health information we have about you is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment for as long as the information is kept by or for the Plan. To request an amendment, your request must be made in writing and submitted to the Employer Contact listed at the end of this Notice. You must provide a reason why and in what respect you believe your record is incorrect.

We may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, we may deny your request if you ask us to amend information that:

- is not part of the medical information kept by or for the Plan;
- was not created by us, unless the person or entity that created the information is no longer available to make the amendment;
- is not part of the information that you would be permitted to inspect and copy; or
- is already accurate and complete.

If we deny your request, you have the right to file a statement of disagreement with us and any future disclosures of the disputed information will include your statement.

Right to an Accounting of Disclosures. You have the right to request an “accounting” of certain disclosures of your protected health information. The accounting will not include (1) disclosures for purposes of treatment, payment, or health care operations; (2) disclosures made to you; (3) disclosures made pursuant to your authorization; (4) disclosures made to friends or family in your presence or because of an emergency; (5) disclosures for national security purposes; and (6) disclosures incidental to otherwise permissible disclosures.

To request this list or accounting of disclosures, you must submit your request in writing to the Employer Contact listed at the end of this Notice. Your request must state a time period of no more than six years.

Your request should indicate in what form you want the list (for example, paper or electronic). The first list you request within a 12-month period will be provided free of charge. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

Right to Request Restrictions. You have the right to request a restriction or limitation on your protected health information that we use or disclose for treatment, payment, or health care operations. You also have the right to request a limit on your protected health information that we disclose to someone who is involved in your care or the payment for your care, such as a family member or friend. For example, you could ask that we not use or disclose information about a surgery that you had. However, if we do agree to the request, we will honor the restriction until you revoke it or we notify you.

To request restrictions, you must make your request in writing to the Employer Contact listed at the end of this Notice. In your request, you must tell us (1) what information you want to limit; (2) whether you want to limit our use, disclosure, or both; and (3) to whom you want the limits to apply—for example, disclosures to your spouse.

Right to Request Confidential Communications. You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you at work or by mail. To request confidential communications, you must make your

request in writing to the Employer Contact listed at the end of this Notice. We will not ask you the reason for your request. Your request must specify how or where you wish to be contacted. We will accommodate all reasonable requests if you clearly provide information that the disclosure of all or part of your protected information could endanger you.

Right to Be Notified of a Breach. You have the right to be notified in the event that we (or a Business Associate) discover a breach of unsecured protected health information.

Right to a Paper Copy of This Notice. You have the right to a paper copy of this notice. You may ask us to give you a copy of this notice at any time. Even if you have agreed to receive this notice electronically, you are still entitled to a paper copy of this notice. You may obtain a copy of this notice at our website, <http://www.anderson.edu/humres/policies.html>. To obtain a paper copy of this notice, contact the Employer Contact listed at the end of this Notice.

Complaints

If you believe that your privacy rights have been violated, you may file a complaint with the Plan or with the Office for Civil Rights of the United States Department of Health and Human Services. To file a complaint with the Plan, contact Shanna McClure, Director of Human Resources, at 765-641-4133. All complaints must be submitted in writing.

You will not be penalized, or in any other way retaliated against, for filing a complaint with the Office for Civil Rights or with us.

We may change the terms of this Notice and make new provisions regarding your protected health information that we maintain, as allowed or required by law. If we make any significant change to this Notice, we will provide you with a copy of our revised Notice of Privacy Practices by posting to our website <http://www.anderson.edu/humres/policies.html> Or by mail within 60 days after the change.

Notice of Special Enrollment Rights

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after you or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

If you decline enrollment for yourself or your dependents (including your spouse) while coverage under Medicaid or a state Children's Health Insurance Program (CHIP) is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents' Medicaid or CHIP coverage ends. If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or a CHIP program with respect to coverage under this plan, you may be able to enroll yourself and your dependents (including your spouse) in this plan. However you must request enrollment within 60 days after your or your dependents become eligible for the premium assistance.

To request special enrollment or obtain more information, contact the plan's General Contact.

Women's Health and Cancer Right Act of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan.

Newborns' Act Disclosure

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Plans subject to State law requirements will need to prepare SPD statements describing any applicable State law.

Mental Health Parity Act

The Mental Health Parity Act (the “Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008”) was signed into law on October 3, 2008, and the Federal Mental Health Parity (MHP) law becomes effective October 3, 2009.

The MHP law applies to group health insurers and to fully insured and self insured ERISA groups of 51 or more employees that include mental health/substance use disorder benefits. It mandates equalization of copays, coinsurance, deductibles and the elimination of day and visit limits and financial maximums. This can be accomplished by applying the same limits as apply to the medical and surgical benefits, or by creating “separate but equal” limits. The Act does not require health plans to provide mental health/ substance use disorder benefits; however, if these benefits are offered, they must be at parity with the group’s medical and surgical benefits.

Self-funded government (non-federal) groups, such as school districts, city or county government are exempt from the law. The law does not affect Individual, Small Group (2-50), and Conversion/Portability plans.

The effective date for new groups will be October 16, 2009. The benefit will be enhanced for our existing groups at their renewals beginning November 1, 2009. Prior to renewal, a group may be contacted to verify the number of full- and part-time employees.

Care Management

Utilization Management activities are still allowed by the new law and are effective in managing the quality and cost of Mental Health and Chemical Dependency care.

Health Care Reform Notifications

This notice includes information about the **Patient Protection and Affordable Care Act** that was recently passed and provides you with important information that you need to know. Please read this information carefully and contact your HR Department for further clarification.

Patient Protection

The Plan generally allows the designation of a primary care provider, but it is not required. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, please contact the customer service phone number on your medical ID card.

For children, you may designate a pediatrician as the primary care provider, but it is not required.

You do not need prior authorization from Anthem or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, please contact the customer service phone number on your medical ID card.

Non-Grandfathered Plan Notice

This Plan is a “non-grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act) and will comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on essential benefits.

Questions regarding which protections can be directed to the plan administrator. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered and non-grandfathered health plans.

Notice Lifetime Limit No Longer Applies and Enrollment Opportunity

The lifetime limit on the dollar value of benefits under the group health plan no longer applies.

Notice of Extension of Dependent Coverage to Age 26

The limiting age for eligible children has been extended to age 26. Coverage will terminate the end of the year of their 26th birthday.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of August 10, 2017. Contact your State for more information on eligibility –

Paperwork Reduction Act Statement

According to the Paperwork Reduction Act of 1995 (Pub. L. 104-13) (PRA), no persons are required to respond to a collection of information unless such collection displays a valid Office of Management and Budget (OMB) control number. The Department notes that a Federal agency cannot conduct or sponsor a collection of information unless it is approved by OMB under the PRA, and displays a currently valid OMB control number, and the public is not required to respond to a collection of information unless it displays a currently valid OMB control number. See 44 U.S.C. 3507. Also, notwithstanding any other provisions of law, no person shall be subject to penalty for failing to comply with a collection of information if the collection of information does not display a currently valid OMB control number. See 44 U.S.C. 3512.

The public reporting burden for this collection of information is estimated to average approximately seven minutes per respondent. Interested parties are encouraged to send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Labor, Employee Benefits Security Administration, Office of Policy and Research, Attention: PRA Clearance Officer, 200 Constitution Avenue, N.W., Room N-5718, Washington, DC 20210 or email ebsa.opr@dol.gov and reference the OMB Control Number 1210-0137.

Medicare Part D Notice:
Important Notice About Your Prescription Drug Coverage and Medicare.

If you or any of your eligible dependents are eligible for Medicare, or will soon become eligible for Medicare, please read this notice. If not, you can disregard this notice.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Anderson University and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. **Anderson University** has determined that the prescription drug coverage offered by **Anthem** is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays. Therefore, your coverage is considered **Creditable Coverage**. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan

When Will You Pay a Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with **Anderson University** and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to

pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current **Anderson University** coverage may be affected. If you do decide to join a Medicare drug plan and drop your current **Anderson University** coverage, be aware that you and your dependents may not be able to get this coverage back. If you elect to participate in both **Anderson University** Plan and Medicare Part D, your benefits may coordinate.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information.

NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through **Anderson University** changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Date:	October 1, 2017
Name of Entity/Sender:	Anderson University
