

Your FAFSA was selected for review in a process called verification. Federal law requires that Anderson University compare your reported FAFSA data to the tax information you and your parent(s) provided the Internal Revenue Service (IRS) for 2023. It may be necessary for you to provide additional information to satisfy verification requirements.

No further action can be taken on your financial aid, including all federal, state, and/or need-based University funds until you submit the required information and complete this process.

If there are differences between your FAFSA data and the verification documents, Anderson University will make corrections electronically. Your financial aid awards may be adjusted as a result of the correction process.
