4. Please provide any additional information about the information provided above:

In accordance with 511 IAC 15-1-1, the applicant must meet one of the requirement pathways found on the IDOE website to be admitted to the transition to teaching program: <https://www.doe.in.gov/licensing/transition-teaching>. Prior to Spring 2021, a minimum GPA of 2.5 was required for program entrance. Under the above pathways, passing scores on state-required content licensure exams may be substituted for GPA if passed prior to acceptance. All candidates must complete a background check, pass state-required content licensure exams or an approved remediation pathway, and complete a portfolio presentation to student teach.

Supervised Clinical Experience

Note: The clinical experience requirements in this section are preloaded from the prior year's IPRC. Teacher preparation providers will enter the number of participants each year.

Provide the following information about supervised clinical experience in 2023-24. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

Are there programs with student teaching models?

☒ Yes

☐ No

If yes, provide the next two responses. If no, leave them blank.

Programs with student teaching models (most traditional programs)	
Number of clock hours of supervised clinical experience required prior to student teaching	87
Number of clock hours required for student teaching	525

You have programs with the teacher of record model, but "clock hours of supervised clinical experience required prior to teaching as the teacher of record" and "years required for teaching as the teacher of record" are 0. Please correct the data, or confirm.

☒ I confirm that there are 0 hours required

Are there programs in which candidates are the teacher of record?

Yes

No

If yes, provide the next two responses. If no, leave them blank.

Programs in which candidates are the teacher of record in a classroom during the program (many alternative programs)	
Number of clock hours of supervised clinical experience required prior to teaching as the teacher of record in a classroom	0
<u>Years</u> required of teaching as the teacher of record in a classroom	0

All Programs	
Number of full-time equivalent faculty supervising clinical experience during this academic year (IHE staff) Optional tool for automatically calculating full-time equivalent faculty in the system	4
Number of adjunct faculty supervising clinical experience during this academic year (IHE staff)	4
Number of cooperating teachers/K-12 staff supervising clinical experience during this academic year	4
Number of students in supervised clinical experience during this academic year	7

Please provide any additional information about or descriptions of the supervised clinical experiences:

Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

Native Hawaiian or Other Pacific Islander	0	0
White	9	3
Two or more races	0	0

Race/Ethnicity	Total Enrolled	Subset of Program Completers
No Race/Ethnicity Reported	1	0

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2023-24.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

What are CIP Codes?

☐

No teachers prepared in academic year 2023-24

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2023-24. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. [\(\\$205\(b\)\(1\)\(H\)\)](#)

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. [\(\\$205\(a\)\(1\)\(A\)\(iii\); \\$206\(b\)\)](#)

Program Assurances

Note: This section is preloaded from the prior year’s IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

☒ Yes

☐ No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

☒ Yes

☐ No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

☐ Yes

☐ No

☒ Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

☒ Yes

☐ No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

☒ Yes

☐ No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

☒ Yes

☐ No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

☒ Yes

☐ No

8. Describe your institution’s most successful strategies in meeting the assurances listed above:

The program works closely with area superintendents, principals, and school corporation administration to respond to needs addressed by these constituents during stakeholder sessions provided by the department. Teacher candidates are taught strategies for working with students with disabilities and English language learners as they apply to curriculum and assessment within their lessons. The InTASC standards and the Indiana REPA Educator Standards guide the program. Teacher candidates must align objectives with the Indiana Content Standards (includes College and Career Readiness) in assignments and lesson plans. In addition to coursework and assignments, proficiency assessment is determined through the Teacher Work Sample during the student teaching semester. Transition to teaching candidates also enroll in EDUC 4215 Exceptional Learners. This one-credit class supplements existing coursework to better prepare candidates to teach students with disabilities in the general education classroom.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Summary Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. [\(\\$205\(a\)\(1\)\(F\)\)](#)

Does your program prepare teachers to:

a. integrate technology effectively into curricula and instruction

☒ Yes

☐ No

b. use technology effectively to collect data to improve teaching and learning

☒ Yes

☐ No

c. use technology effectively to manage data to improve teaching and learning

☒ Yes

☐ No

d. use technology effectively to analyze data to improve teaching and learning

☒ Yes

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

Strategies for differentiating the curriculum are embedded in each content area. Teacher candidates are taught strategies for working with students with disabilities as they apply to curriculum and assessment within their lessons. Strategies are introduced in the first course, EDUC 4200 Teaching as a Profession, and applied throughout subsequent coursework. Elementary candidates enroll in three courses emphasizing differentiated curriculum and instruction (Differentiated Curriculum and Instruction: Mathematics, Differentiated Curriculum and Instruction: STEM, Differentiated Curriculum and Instruction: Social Studies). Transition to teaching candidates also complete EDUC 4215 Exceptional Learners. This one-credit course supplements other coursework to better prepare candidates to teach students with disabilities in the general education classroom.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Teacher candidates have extensive discussions and readings concerning special education and the general education teacher's responsibilities in special services, compliance with IEPs, and participating in case conferences. Transition to teaching candidates also complete EDUC 4215 Exceptional Learners.

c. Effectively teach students who are limited English proficient.
